FUZIONE™ base and lid

Innovative and sustainable packaging - offering numerous competitive advantages

PRODUCT INNOVATION AWARD WINNER 2010

SNAP-LOK™ SYSTEM

In addition to superb visibility, the shape of the FUZIONE™ base and lid makes it ideal for stacking and the base can be printed with your own branding or marketing messages. Its unique snap-lok™ system, gives you a reassuring locking sound when the lid is fitted into place and allows you to re-open and close the packs if required.

FUZIONE™ has strong eco-credentials. The base is biodegradable and the snap-on lid is made of rPET, containing a minimum of 50% post consumer waste.

FUZIONE™	Size	Colour	Cased	Code
