INNOVATE

**MARKET LEADING
PRODUCT INNOVATION**

kp Infinity™ recyclable food boxes Made from Expanded Polypropylene (EPP)

EPP is a fully recyclable mono-material developed as an innovative alternative to Expanded Polystyrene (EPS), a material that will be banned by the EU Single Use Plastics Directive in 2021. The kp Infinity range has proven to be easily and commercially recyclable through several trials.

**3 NEW
MEAL
BOXES**

In response to market demand, the kp Infinity™ range now includes a large HP4 single, 2-compartment and 3-compartment meal box.

Features & benefits:

- Premium look and feel
- Resistant to acids, alkalis and hot oils
- Water resistant, food safe and hygienic
- Versatile, stackable and durable
- Keeps food hot, stays cool to touch
- Microwaveable

Product codes:

EPP boxes	Size	Cased	Code
