Recycled foil refills for Wrapmaster® dispensers

Wrapmaster Recycled Aluminium Foil, for use with the Wrapmaster 4500 and Duo dispensers, is a strong and durable general purpose foil suitable for lining, grilling and roasting most food types. Only 5% of energy is required to produce Wrapmaster Recycled Aluminium Foil compared to conventional production of virgin foil and it is fully recyclable.

Strong, durable and 100% recyclable.

Features & benefits:

- Made from 98% high-quality industrial foil (post-industrial waste)
- Strong and durable, with same strength and properties as conventional foil
- Suitable for lining, grilling and roasting
- For use with Wrapmaster dispensers
- 100% recyclable
