

PRODUCT SAFETY DATA SHEET

PALMOLIVE, FRESH or COLGATE WHITE/GREEN TOILET/GUEST SOAP

PRODUCT TYPE

Toilet Soap in tablet form. Sold in various sizes from 15g to 200g.

COMPOSITION/APPEARANCE

Green, White or Blue tablets depending on brand. The tablets are made from saponified blend of oils and fats. Perfumes are spicy/floral types.

RECOMMENDED USAGE INSTRUCTIONS

Use as a body cleaner in water.

Soap may be applied by hand or by cloth. Rinse soap off the washed areas with clean water. Dry the area.

SPECIFIC HAZARDS/HANDLING PRECAUTIONS

Try to keep out of the eyes where minor irritation may result. Soap in either dust or liquid form makes floors extremely slippery. Clean and dry areas immediately.

FIRST AID

1. Product should be washed from the skin with water.
2. Product in the eyes may cause irritation. Flush out thoroughly with water. If irritation persists seek medical attention.
3. If ingested, rinse out mouth with water. Do not induce vomiting. If unwell, seek medical attention.

FIRE

Not flammable. Compatible with water.

STORAGE

Best Kept dry

DISPOSAL

Unwanted tablets may be disposed of as normal waste.
