

Revision 2002-07-09 Page 1/ 5

Safety Data Sheet according to 91/155/EEC - ISO 11014-1

NOXA LIQUID

1. Identification of the product and of the company

Identification of the product:

NOXA LIQUID

Liquid Laundry starch - for professional use

Company/undertaking identification:

Ecolab Ltd

David Murray John Building

Swindon

Wiltshire SN1 1NH

Telephone: 01793 511221

2. Composition/information on ingredients

Declaration according to recommendation 89/542/EEC:

below 5 %: Contains preservatives.

Further ingredients: starch, fragrance,

Declaration of ingredients:

< 5 % : Ethanol

Symbol: F

R-pharse: 11

EINECS: 200-578-6

3. Hazards identification of the product

The product is not classified as hazardous.

4. First aid measures

after inhalation:

Remove to fresh air.

after skin contact:

Rinse with running water.

after eye contact:

Immediately flush eyes with copious amounts of running water
(for 10 minutes), if necessary see an oculist.

after ingestion:

Rinse out mouth, drink 1-2 glasses of water, seek medical advice

NOXA LIQUID

5. Fire-fighting measures

Suitable extinguishing media:

suitable for all regular extinguishing materials

Extinguishing media which must not be used for safety reasons:

none known

Special exposure hazards arising from the product itself,
from combustion products or from resulting gases:

none known

Special protective equipment for firefighters:

no special measures necessary;

6. Accidental release measures

Personal precautions:

Spilled product causes danger of slipping.

Environmental precautions:

Do not allow large amounts to be released into the sewer system.

Methods of cleaning up/of removing:

Remove mechanically, wash away residue with plenty of water.

7. Handling and storage

Handling:

no special measures required

Storage:

Store in a cool, dry place.

8. Exposure controls / personal protection

Personal protection:

Respiratory protection: not necessary

Eye protection: protective goggles

9. Physical and chemical properties

Physical state: liquid

Colour: white

Odour: perfumed

pH: (1%) (20°C) 7.8

NOXA LIQUID

Autoflammability:	The product is not self-igniting.
Limits of explosion:	Cannot be achieved if used as recommended. For recommended use see Section 1.
Vapour pressure:	(aqueous solution)
Relative density:	Vibration method, 20 °C. DIN 53217 T 5 1,1297 g/mlá
Solubility:	Soluble in water (20 °C)

10. Stability and reactivity

Conditions to avoid:
No decomposition if used according to specifications

Materials to avoid:
none known if used for its intended purpose

Hazardous decomposition products:
none if used for intended purpose

11. Toxicological information

In case of appropriate application no adverse effects have been reported up to now.

12. Ecological information

The following ecological assessment results from the basis of the raw materials contained in the product and/or of structurally comparable substances.
Based on the components contained in the product and/or structurally comparable substances the following ecological data are to be expected:

Persistence and degradability:
Degradability:
Removability: The total of the organic components is removed in sewage treatment plants to the extent of >80%.

13. Disposal considerations

May be disposed of via the municipal waste-water system in compliance with local authority regulations.

Safety Data Sheet according to 91/155/EEC - ISO 11014-1

NOXA LIQUID

14. Transport information

Not a hazardous material according to RID/ADR, GGVS/
GGVE, ADNRR, IMDG, ICAO-TI/IATA-DGR.

15. Regulatory information

Classification and labelling according to CHTP:

Symbols of danger:
Not Classified.

National prescriptions:

The Control of Substances Hazardous to Health Regulations
Health and Safety at Work Act

16. Other information

The product is provided for the professional user.
This information is based on our current level of knowledge and
relates to the product in the state in which it is delivered. It is
intended to describe our products from the point of view of safety
requirements and is not intended to guarantee any particular
properties.
Full text of the R-phrases indicated by codes in this safety data
sheet. The product code/identification/designation is indicated in
Section 15.
R 11: Highly flammable
