1 IDENTIFICATION OF SUBSTANCE/PREPARATION AND COMPANY UNDERTAKING

Product Name	WhiffAway XL Multi-Purpose Deodoriser	Manufacturer	WhiffAway Limited
Telephone	01753 647124		Unit 6, Premacto Estate
Fax	01753 647596		Queensmead Road
Emergency Tel. No.	+44 (0) 800 7834883		High Wycombe
			HP10 9XA

2 COMPOSITIONAL INFORMATION ON INGREDIENTS

Composition/information on ingredients **Bacterial suspension** – non-hazardous – no CAS no.
 Colour- <0.1%-non-hazardous – CAS 3844-45-9
 Fragrance <0.1%-below hazardous concentration (Xn, N, R38, R43, R50/53, R65)

3 HAZARD IDENTIFICATION

Not classified as hazardous. All hazardous ingredients present in level below those specified in regulation 5 (3) of CHIP3

4 FIRST AID

Eye Contact	Flush with cool, clean water
Ingestion	Rinse mouth and throat thoroughly with water. Drink water. Seek medical advice if reaction occurs
Inhalation	Remove to a well ventilated area
Skin Contact	Wash with clean water.

5 FIRE FIGHTING MEASURES

This is a non-flammable product. No special requirements

6 ACCIDENTAL RELEASE

Personal protection – Wear gloves
 Environmental precautions – Do not allow to contaminate water courses
 Method for cleaning up – Absorb with inert material, vacuum or sweep into containers marked for disposal as waste

7 HANDLING AND STORAGE PRECAUTIONS

Handling	Avoid ingestion, inhalation, skin, and eye contact. Handle in accordance with good practice for housekeeping and personal hygiene. Avoid unnecessary aeration
Storage	Store in a cool (10-25°C) dry, dark area. Do not allow to freeze. Keep container closed when not in use.

8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure limit values

Components with workplace control parameters

Fragrance contains: Limonene – 1-methyl-4-(1-methylethanyl)-cyclohexene
 CAS no: 7705-14-8Fragrance
 Exposure limit: STEL 50ppm – 300mg/m³ TWA 25ppm – 140mg/m³
 Maximum level present:0.01

Occupational exposure controls

Use waterproof gloves (nitrile) Use goggles and respiratory protection if at risk of splashing

9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance—Green liquid	Odour- Fresh,	pH - 4	Boiling point -
-------------------------	---------------	--------	-----------------

Flashpoint – N/A	lemony Flammability-None	Explosive properties-None	100°C Oxidising properties-None
Vapour pressure (20°C) 2.34kPa	Relative density- – 1g/cm3	Solubility- totally soluble in water (preparation is aqueous solution)	Viscosity-1
10. STABILITY AND REACTIVITY			
Conditions to avoid Exposure to strong light may result in off-gassing. Store in the dark. Materials to avoid – None Hazardous decomposition products – None under normal conditions Exposure to toxic, antibacterial or antiseptic products, excessive heat (>30°C) or cold (<10°C) and certain metals (zinc, copper) may reduce the effectiveness of the preparation.			
11. TOXICOLOGY INFORMATION			
Acute toxicity	LD50 oral rat>5000mg/kg (calculated)		
Eye irritation	May cause temporary eye irritation – flush with cool, clean water		
Skin irritation/	None Known		
Skin sensitisation	None Known		
Adverse effects in man	None Known		
11 ECOLOGICAL INFORMATION			
Ecotoxicity	Bacterial toxicity - None Fish toxicity - >10g/l (calculated)		
Mobility	Preparation is completely soluble in water, therefore it will transport to groundwater easily. The preparation is considered non-toxic and is not harmful to the environment.		
Persistence and degradability	Preparation is not persistent and is entirely biodegradable		
Other adverse effects	None Know		
13 DISPOSAL CONSIDERATION			
Product disposal	Product diluted according to instructions may be safely disposed of into sewerage or septic tanks. Undiluted product should be disposed of as non hazardous waste according to local regulations		
Packaging disposal	Rinsed packaging may be recycled or disposed of as non-hazardous waste according to local regulations		
14 TRANSPORT INFORMATION			
Not Classified As Hazardous For Transportation			
15 REGULATORY INFORMATION			
NOT CLASSIFIED AS A HOZARDOUS PRODUCT (CHIPS)			
Supply Label Details			
Label Name	WhiffAway XL		
Symbols	None		
Risk Phrases	None	Not classified as hazardous to health under CHIP3 regulations	
Advisory	Keep out of reach of children		
Safety	Avoid contact with eyes and skin		
Phrases			
16 OTHER INFORMATION			

Risk phrases used in this document

Xn – Harmful

N – Dangerous for the environment

R38 – Irritating to skin

R43 – May cause sensitisation by skin contact

**R50/53 – Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment
e long-term adverse effects in the aquatic environment**

R65 – Harmful: may cause lung damage if swallowed

Disclaimer

Information on this form is furnished in compliance with current legislation. It is the responsibility of the recipient to pass on this information to relevant departments/persons involved. WhiffAway Limited assumes no responsibility for injury or death resulting from the use/misuse of this product by the recipient and/or third persons, however caused. The user, bailee and their respective employees and agents assume all such risks if reasonable safety procedures are not adhered to.
