

Cleanse (no rinse)

For frequent cleansing and moisturising when soap and water may otherwise dry the skin

TENA Wash Mousse

This 3-in-1 foam formula comes in a spray can for easy application and is perfect for cleansing and moisturising even the most delicate skin.

- Primarily used for frequent perineal skin care of incontinent residents when changing absorbent products, Wash Mousse can also be used for full body cleansing
- Dermatologically tested
- Quick and easy, it optimises caregivers' time, allowing them to attend to residents' other needs¹
- Helps to maintain the skin's natural pH and a mild perfume helps to control odour
- To be applied with TENA wipes or gloves

Safety

The product fulfils the requirements of Regulation (EC) No. 1223/2009 of the European Parliament and the Council of 30 November 2009 on cosmetic products. As stipulated in Article 18 the product has not been tested on animals. The production unit is following the international standard ISO 22716:2007 as regards product documentation and Good Manufacturing Practices, GMP. The product has been evaluated with epicutaneous testing under dermatological control.

First aid

If discomfort is experienced after eye or skin contact, rinse for several minutes with lukewarm water. If eye or skin irritation persists, consult a physician. Upon ingestion of larger amounts, do NOT induce vomiting. Rinse the mouth and drink a glass of water. Where appropriate, consult a physician.

Physical properties

Physical state: Aerosol foam that forms a liquid cream, oil-in-water emulsion

Smell: Light fragrance

Solubility: Water soluble

pH: 5

Storage and period of use

Product durability after production (expiry date):

36 months

Period After Opening (PAO):

Not applicable

Warning! Flammable aerosol.

Pressurised container: May burst if heated. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C. Keep out of reach of children.

Recommended storage temperature:

It is recommended that TENA Wash Mousse is stored above 0°C, but not above room temperature (25°C). Exposure to high temperatures will accelerate the ageing of the product and the product durability cannot be guaranteed.
