

ecological combi scale

Our combi scale is a highly effective acidic cleaner for the removal of limescale. It's a rapid action cleaner for the removal of limescale from kitchen equipment and utensils including boilers, bain maries, cabinet dishwashers, kettles, and drinks machines. Safe to use on most metals, paints, and rubber.

- ✓ rapid action
- ✓ very low odour
- ✓ effective in hard and soft water
- ✓ safe in septic tanks if used as directed
- ✓ reduced use of hazardous substances
- ✓ phosphonate free
- ✓ readily biodegradable
- ✓ not tested on animals

Directions: For soaking application: Use at a concentration of 50-400 ml Combi Scale to 1L of hot water (5-40%) dependent on the degree of scale. Fill the item or soak in solution until the scale dissolves. Scrub if required to remove heavy deposits. Rinse thoroughly with clean water and allow to dry.

Spray application: Apply solution of 50-400ml/L of warm water (5-40%) to surface dependent on the degree of scale. For best results, leave for at least 15 minutes. Scrub if required to remove heavy deposits. Rinse thoroughly with clean water and allow to dry.

Dishwashing machines: Switch off dosing equipment. Fill dishwasher with fresh water. Add sufficient Combi Scale to the water to produce a 10-20% solution (100-200ml/L) depending on degree of scaling. Turn machine on for 10-15 minutes then drain and inspect. Repeat process if required. Drain and rinse thoroughly. Leave door open and allow to dry.

Proper dosage reduces costs and minimises environmental impact: Using this product according to the dosage instructions will contribute to the reduction of water pollution and waste production. Delphis Eco encourage users to reduce waste going to land fill by recycling empty bottles.

Safety: Use only as directed. Keep out of reach of children. Do not mix different cleaners. H315: Causes skin irritation. H319: Causes serious eye irritation. P264: Wash skin thoroughly after handling. P280: Wear protective gloves/protective clothing/eye protection/face protection. P305+351+338: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P332+313: If skin irritation occurs: Get medical advice/attention. P337+313: If eye irritation persists: Get medical advice/attention. P362: Take off contaminated clothing and wash before reuse.

Our products have been created in response to the growing need to be more accountable for the management of the environment. Prior to disposal, remove label. Bottle and cap are 100% recyclable.
