## Zonitise Protect Antimicrobial Spray

Zonitise Protect is a long-lasting antimicrobial surface spray that can be applied to any type of surface to provide continuous protection against many different viruses, bacteria, mould, algae, odours and fungi for up to 60 days. It is the only antimicrobial coating to be verified to achieve a 99.9% kill of Sars Cov2 within 10 minutes, 47 days after being applied to the surface. Zonitise is applied in moments, but protects for months and is an intelligent inclusion in your hygiene regime to keep surfaces self sanitizing between cleaning cycles.

### Features & benefits:

- Only antimicrobial spray to achieve a 99.9% kill in 10 minutes on Sars Cov2, more than 6 weeks after being applied
- Remains active against contamination for up to 60 days
- Designed to accompany existing cleaning regimes
- Can be applied to any surface
- Prevents mould and eliminates odours
- Proven to enhance surface hygiene ratings by up to 90%
- EPA and FDA approved

To achieve the same level of protection as Zonitise provides, you would need to be physically sanitizing every 10 minutes, or 144 times daily.

### Product codes:

Product	Size	Case	Code
Zonitise Protect Spray	500ml	1	N08588
Zonitise Protect Spray	5L	1	N08587
