# Precious Planet 100% compostable food packaging

Made from board produced from agricultural waste and film made from plants.

Precious Planet is an award-winning range of EN13432 certified 100% compostable food packaging. Suitable for sandwiches, wraps and salads, the sandwich packaging board is made from AgriRap™, which is produced from agricultural waste, the salad tray board from managed forests and the film from FSC certified wood pulp.

|   |                              | Size             | Cased | Code   |
|---|------------------------------|------------------|-------|--------|
| A | Standard Fill Sandwich Wedge | 60mm             | 500   | G07453 |
