Kraft crackers

Kraft crackers with reusable wooden gift content.

Wooden novelty content can be up-cycled into Christmas tree decorations and used again each year - reducing waste. Crackers made from board (without foil or glitter), are designed to be recyclable when placed into a mixed recyclables bin without their ties or novelty content.

Spirit of Christmas e-Cracker

A virtual Christmas cracker and cutlery envelope.

The Spirit of Christmas eCracker provides an innovative alternative to the traditional cracker in the wake of Covid-19, providing all the fun and festivity of a traditional Christmas cracker, without the risk of hand contamination. The eCracker, which can also be used as a sealable cutlery envelope, displays a QR code that links to a web app, allowing customers to 'virtually' pull their Christmas cracker and enjoy festive jokes, a Christmas quiz and to share seasonal selfies.

Additionally, customers are able to make a donation via the web app to international charity Shelter, an organisation that defends the right to a safe home, working to end the devastating impact the housing emergency has on people and its communities.

A virtual cracker
that delivers the
spirit of Christmas
via a web app
and a chance to
donate to charity.
