The Returnable Circular Cup

Designed to replace single-use coffee cups, the Returnable Circular Cup is a circular cup system for hot beverages on-the-go, where the cup is returned to be commercially washed, and then reused to serve new customers again and again. The Returnable Circular Cup offers customers a convenient, on-hand reusable option, helping them engage with reusables without the necessity of directly owning a reusable cup.

Product features:

- Made from 100% recyclable, food grade virgin PP
- Excellent durability
- Designed to last 500+ cycles
- Reduced wastage costs and littering
- QR and/or RFID enabled with complete flexibility of tags
- Available in sizes 8oz and 12oz

Size	Case	Chalk Cup	Chalk Lid	Grey Cup	Grey Lid
12oz	200	F12669	F12671	F12668	F12670
8oz	200	F12665	F12666	F12664	F12667

After just 2 uses, the CO2 emissions of this cup are offset versus a single-use alternative.
