About Bunzl Catering Supplies

Helping our customers deliver outstanding hospitality every time is at the heart of everything we do

Working together for a safe and sustainable future in the wake of Covid-19, we source, consolidate and deliver essential food packaging and hygiene solutions to our customers in the catering and hospitality industry. Part of Bunzl plc, we utilize global purchasing power to source responsible, ethical products from the UK and overseas via trusted supplier partnerships. Consolidating these products in a national network of 7 operating branches and a National Distribution Centre in Tamworth, we deliver to our customers on our own fleet of liveried vehicles.

Create a premium customer experience with exclusive brand PRISTINE®

Designed to offer outstanding cost-in-use benefits, exclusive brand PRISTINE® offers a total paper hygiene, hand care and air care solution with robust and practical dispensing systems. PRISTINE® products are designed to create a premium customer experience and encourages better and safer personal hygiene in back and front of house environments, including food preparation areas and washrooms.

PRISTINE®

Manufactured in the UK according to CHSA soft tissue standard

PRISTINE® paper hygiene products are accredited under the Cleaning and Hygiene Suppliers Association (CHSA) soft tissue standard. The accreditation scheme of soft tissue products defines commonly used terms, so buyers can be certain products from accredited members are fit for purpose and the dimensions and roll lengths are as indicated on the label.

CHSA ACCREDITED

PRISTINE® conforms to the Cleaning and Hygiene Suppliers Association (CHSA) soft tissue standard

FSC® CERTIFIED

Many PRISTINE® products are made from FSC® certified paper, taking care of the world's forests

100% RECYCLABLE

The outer cardboard carton and inner plastic wrap on PRISTINE® products are fully recyclable

HIGH QUALITY

PRISTINE® is manufactured in the United Kingdom from high quality recycled and virgin fibres

FSC® certified

Many of the products in the PRISTINE® paper hygiene range are made from FSC® certified paper. When you see this logo mark, it is your assurance that the product is made with, or contains, forest-based materials from FSC-certified forests or reclaimed sources. FSC® is the only forest certification scheme endorsed by the major environmental charities including WWF and the Woodland Trust. FSC® helps take care of forests and the people and wildlife who call them home and is recognised as the hallmark of responsible forest management.

Outer cardboard carton and inner plastic wrap are 100% recyclable

Waste packaging recycling information is marked on all outer cartons

Plastic wraps are LDPE and are made from 30% post consumer resin

Paper wraps replace plastic wraps in many of the paper towel products

PRISTINE® centrefeed and hygiene rolls

Centrefeed paper is an everyday essential for catering and hospitality establishments due to the range of tasks it can be used for, including clearing spillages, cleaning surfaces and drying hands. PRISTINE® centrefeed dispensers provide customers with a high quality, cost-effective solution for practical day-to-day dispensing.

C06009

C06008

M00864

PRISTINE® standard centrefeed rolls

PRISTINE® centrefeed rolls are made from recycled fibres and provide an absorbent and versatile wiping solution. The soft-to-touch tissue is designed with a removable core, so the paper inside remains clean and hygienic.

- ✓ Manufactured in the UK according to CHSA soft tissue standard
- ✓ Made from quality 100% recycled fibres that are FSC® certified

Folded hand towels are designed to provide convenience and ease of use in any washroom or kitchen, ensuring that hands are clean and dry after use. PRISTINE® paper towels are a hygienic hand drying method because they absorb water quickly and are not touched by multiple users.

C06007

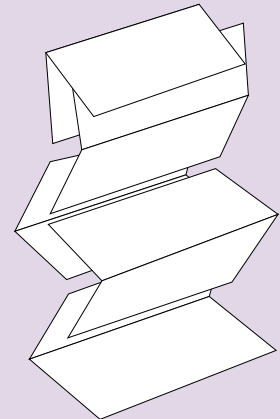

C-fold

An economical hand towel system designed for one-at-a-time dispensing, enhancing the washroom's appearance and helping reduce costs.

V-fold

Ideal for demanding environments, self presenting towels help reduce consumption, and therefore waste, with reliable one-at-a-time dispensing.

M01481

PRISTINE® C-fold hand towels

PRISTINE® C-fold hand towels are perfect for fast and efficient hand drying. The towels are supplied in a stacked a format to allow for easy refilling of the dispenser. The blue and the green hand towels are embossed and made from 100% recycled fibres that are FSC® certified. The white hand towels are made from quality pure pulp fibres that are FSC® certified.

✓ **Manufactured in the UK according to CHSA soft tissue standard**

Kleenex® 4 ply	White	24	M02293

SCOTT® Control™ centrefeed

A quality centrefeed toilet tissue for where hygiene and contamination control is a priority. Scott® Control™ centrefeed toilet roll offers dispensing of single toilet paper sheets, meaning you only touch the sheets you use, helping to maximise washroom hygiene whilst controlling usage, reducing waste and cutting unnecessary costs. Designed to last more than twice as long between refills and serving 254 more people than a typical twin roll mini jumbo toilet tissue system. For environmental assurance, Scott® Control™ centrefeed toilet paper is made from 100% recycled fibres, is FSC® certified, carries the European Ecolabel and has reliable flushability.

Tork® odour-control liquid soap

A kitchen soap that helps to remove grease and smells from the hands. A no-nonsense soap without added colour or perfume. Proven kind to normal and dry skin and suitable for frequent use in dermatological tests. Suitable for Tork® skincare dispensers, proven easy to use and provide good hand hygiene to all users.

- No fragrance or colour added – gentle to the skin
- Dermatologically tested and skin-friendly pH
- Non-tainting to food; suitable for use in any environment where food is being handled

	Colour	Size	Cased	Code	Dispenser
Tork odour-control liquid soap	Transparent	1000ml	6	N08607	C03043

¹ Clarity formulation following the ISO 161218

² Based upon EU Eco Label, CDV (Critical Dilution Volume) related to Toxicity to aquatic organisms is below specified limits and is 2 times lower than the Tork® mild foam soap formula

³ Proven by third-party lab test according to OECD301B

⁴ Based on internal panel testing comparing Tork® Clarity hand washing foam soap with Tork® mild foam soap

*Use biocides safely. Always read the label and product information before use.

Hand cleansers

Kleenex® Botanics™ luxury foam hand wash

N07895

N07896

N07897

The quality and care you expect from the Kleenex® brand, now in a harmonised range of luxury foam hand cleansers, offering a pleasant and distinctive fragrance whilst not compromising on hygienic hand washing. Enriched with botanical extracts, such as aloe vera and cucumber extracts, tea tree oil and lemon or white lily and rose designed to leave users feeling energised and uplifted. Hypoallergenic tested, with a gentle formulation designed for frequent hand cleansing and safe for sensitive skin yet enriched with moisturisers and hydrating ingredients to leave your hands feeling moisturised. The commercial refills have a unique dual mesh pump system that delivers a luxurious foam shot every time. Carries the European Ecolabel. When the cassette is empty, it can be compressed to conserve space and is fully recyclable once the pump is removed.

SCOTT® Control™ foam antibacterial hand cleanser

Effective against a range of bacteria, killing up to 99.999% of micro-organisms that can cause infections or illness. Ideal for all areas where hygiene is of critical importance, especially healthcare, food processing and food service environments. Lathers to deliver thorough and efficient hand cleansing and rinses quicker than a liquid handwash, saving time and conserving water. The cleanser is hypoallergenic tested, pH balanced and free of all fragrances and dyes yet is enriched with moisturising and hydrating ingredients so it cares for your skin. Conforms to EN1499 and EN1276. Hygienically sealed refills with integrated pump are designed to promote workplace hygiene with a new clean nozzle each time the hand wash refill is changed. When the refill cassette is empty, it can be compressed to conserve space and is fully recyclable once the pump is removed.

Protect your customer, promote your brand

It is important to know that hand hygiene is recognised as one of the first lines of defence; one of the primary modes of infection transmission is via the hands¹. Thanks to over 80 years of experience in professional skin care, we know that food safety workers are more inclined to use the products if they are pleasant and if they have proper training and educational tools. By choosing us, you choose an expert in hand hygiene solutions for your environment.
