INNOVATE

As part of our Sustainable Future programme, we are working with leading suppliers to bring innovative and sustainable product solutions to our customers in the hospitality industry.

Helping customers achieve their sustainability goals and meet complex Government legislation, our market-leading food packaging and hygiene solutions create value for hospitality operators by applying new solutions to meaningful problems.

Future Smart Fibre lids - the new generation

Innovative moulded fibre lids for hot and cold beverages, which are made from renewable raw materials and manufactured in Germany. The wood fibre material originates from sustainable European forestry. Furthermore, the lids are recyclable and can be processed via paper recycling streams in the UK.

A future-oriented lid solution and the perfect sustainable option.

Huhtamaki

Proud to support sustainable sourcing and the principles of the EU Timber Regulation, No 995/2010

Fibre lids:

- Manufactured in Germany
- A mono material made from responsibly sourced wood fibres from Europe
- Fully recyclable lids that can be processed via paper recycling streams
- Certified for OK compost HOME and INDUSTRIAL
- Unique Huhtamaki design using the best technical know-how to ensure perfect functionality
- Suitable for enjoying cold and hot beverages
- Round sip hole accommodates a paper straw

Product codes:

Size	Case	Code
80mm Fibre Lid	1500	B01885
90mm Fibre Lid	1200	B01886

Go-Vend paper hot vending cups

The Go-Vend hot paper cup range is specifically designed to be used in vending machines. Each size cup boasts a soothing colour and a new design for 2023, bringing a distinctly original and refreshing look to any vending machine, whilst bringing a coffee shop experience to the workplace and public spaces.

Bringing a coffee shop experience to the workplace and public spaces, with soothing colours and a new design.

Go-Vend paper cups:

- Made from high quality food grade PE coated paper board
- Recyclable, where facilities exist
- Three sizes with individual colours and a new design for 2023
- Designed for vending machines

Product codes:

Size	Rim	Case	Code
7oz	73mm	1000	B05581
9oz	73mm	1000	B05582
12oz	80mm	1000	B05583

The Returnable Circular Cup

Designed to replace single-use coffee cups, the Returnable Circular Cup is a circular cup system for hot beverages on-the-go, where the cup is returned to be commercially washed, and then reused to serve new customers again and again. The Returnable Circular Cup offers customers a convenient, on-hand reusable option, helping them engage with reusables without the necessity of directly owning a reusable cup.

Returnable circular cups:

- Made from 100% recyclable, food grade virgin PP
- Excellent durability
- Designed to last 500+ cycles
- Reduced wastage costs and littering
- QR and/or RFID enabled with complete flexibility of tags

Mix and match the cup and lid for an exciting and appealing hot drink experience.

Snap2Go board trays with rPET lids

Snap2Go FSC® certified board trays with recycled PET (rPET) lids, combine sleek design features with maximum functionality. Suitable for a variety of chilled foods, innovative clips inside the tray provide easy snap-on closure for the anti-fog lid, which is manufactured in Europe with a minimum of 50% rPET content.

Innovative clips inside the tray provide easy snap-on closure for the recycled PET lid.

Snap2Go range:

- Made in Europe
- Rigid board FSC® certified trays are stackable, grease resistant and refrigerator friendly
- Lids are made from a minimum of 50% rPET and are fully recyclable
- Innovative snap-on lids provide a secure fit, with anti-fog properties

Notpla coated food boxes

These boxes are lined with Notpla Coating, a special lining made from seaweed that replaces the usual plastic coating on foodservice products.

Notpla small box
Size: 11 x 9 x 6.4cm
Case: 500
Code: G07745

Notpla medium box
Size: 12 x 11 x 6.2cm
Case: 250
Code: G07746

Notpla large box
Size: 19 x 13 x 6.6cm
Case: 220
Code: G07747

Notpla clamshell box
Size: 12 x 12 x 7.5cm
Case: 200
Code: G07748

Notpla Coating:

- A special lining made from seaweed
- Naturally renewable resource
- Grows fast, is globally abundant and readily available
- Does not compete with food crops for land, or require fresh water or fertiliser to grow

Kraft food boxes:

- Boxes manufactured in the UK
- Saves over 250kg carbon-dioxide and 3000L per tonne of cartonboard when compared to conventional fresh-fibre alternatives*
- Fully recyclable (food contamination dependant)

*Data from Life Cycle Analysis developed in conjunction with Foodsteps.

For more information about Notpla coated food boxes - **please contact us today.**

Hinged lid polypropylene (PP) portion pots

Hinged lid PP portion pots are ideal for serving hot and chilled sauces, dressings and condiments in busy hospitality environments, for food delivery, and for product sampling and tastings. Because the lid comes attached to the pot, these hinged lid portion pots help catering operators reduce product complexity, maximise storage space and guarantees a perfect lid fit every time.

Made from PP, these portion pots can be placed in mixed recycling at their end of life and can be identified and segregated at a Material Recovery Facility.

Portion pots:

- Suitable for hot and chilled foods
- Hinged lid reduces product complexity, maximises storage space and guarantees a perfect lid fit
- Stackable
- Designed to withstand temperature range between -20°C to 110 °C
- 100% recyclable

Product codes:

Product	Case	Code
2oz portion pot	1000	H07687
4oz portion pot	1000	H07688

PE cling film refills for Wrapmaster® dispensers

PE Wrapmaster cling film is PVC, plasticizer and BPA free. It's a general purpose cling film suitable for covering and wrapping all food types and can be used in the fridge, freezer and microwave. For use with the Wrapmaster 3000, 4500 and Duo dispensers. Wrapmaster Cling Film helps to reduce food waste, preserve food and protect flavour.

RECYCLE
ME

Tork® Natural colour washroom products

Make a great impression and show your commitment to sustainability by changing to Tork Natural colour toilet paper and hand towels. Made from 100% recycled fibres, between 30% and 50% of the tissue comes from recycled cardboard boxes, with no dyes added in the paper making. Refills are EU Ecolabel and Forest Stewardship Council® (FSC®) certified.

100%
RECYCLED
FIBRES

Did you know?

The light brown colour of Tork® Natural colour washroom products comes from using recycled cardboard boxes as one of the fibre sources.

83%

of office workers and restaurant visitors agree that offering paper towels in a natural colour made from 100% recycled materials is a good way to show their environmental commitment.*

Tork® Natural:

Product	Size	Case	Code

PRISTINE® Myriad black recycled dispensers

The PRISTINE Myriad black paper hygiene and soap dispenser range is now manufactured from recycled materials. These recycled dispensers help hospitality operators minimise their impact on the environment whilst providing consistent reliability and a high quality finish.

Myriad hand soap and sanitiser dispenser

Case: 1
Code: C06546
900ml refillable reservoir

Myriad toilet roll mini jumbo dispenser

Case: 1
Code: C06545

Myriad hand towel dispenser

Case: 1
Code: C06543

Myriad centrefeed dispenser

Case: 1
Code: C06544

Credentials of the recycled materials:

The recycled material meets the required standards for certification under the EuCertPlast - Scheme for European Plastics Recyclers.

*The supplier for the recycled material is audited by The Carbon Trust to provide Life Cycle Assessments (LCA) of the recycled materials.

PRISTINE® Myriad recycled dispensers:

- All black parts of the front and backplate are made from high quality recycled ABS material
- Outer packaging made from recycled cardboard
- Reduced carbon footprint from recycled materials*
- Using products made out of recycled material helps conserve important raw materials
- Helps operators meet their sustainability objectives
- Consistent reliability and a high quality finish

Rapid Response Cone

Highly visible, tall, mobile safety cone, complete with lockable door and internal shelves, durable fold away mop holders, top handle and braked castor to prevent movement once locked. Light and easy to transport, the Rapid Response Cone gets to the point of spillages fast. Add your choice of tools, allowing the cone to function as a small trolley. An ideal solution for spill management.

The Rapid Response Cone is light and easy to transport, getting to the point of the spillage fast.

Rapid Response Cone:

- Braked castor is easily locked to prevent movement
- Simply add your own cleaning tools, or choose a readily available spill kit
- Grab the top handle and wheel cone to spillage for safer floors

For more information about Rapid Response Cone - **please contact us today.**

CleanWorks® toilet brush	White	1	P03013

Cleanline Chlorine Tablets - in recyclable pouches

Our exclusive brand Cleanline Chlorine Tablets now come in a recyclable protective pouch, instead of a plastic tub, saving up to 90% on waste disposal space and costs, and using 75% less plastic.

**Cleanline Detergent
Chlorine Sanitiser Tablets**
(1.67g NaDCC)
Case: 6 x 200 tablets

**Cleanline Chlorine
Disinfectant Tablets**
(1.67g NaDCC)
Case: 6 x 200 tablets

Cleanline Chlorine Tablets in recyclable pouches:

- Compact design takes up less space in storage
- Built-in tamper evidence packaging
- Re-sealable many hundreds of times
- Offers 100% protection from moisture, dust and UV, unlike tubs and lids
- More 'drop resistance' than tubs and lids
- UK Produced, printed and packed – reduced carbon emissions associated with product production
- Pouch production uses less energy – further reduces carbon emissions
- Uses 75% less plastic than tubs and lids, reducing plastic per pallet by around 40kg – reduces plastic in landfill
- Flattened after use – reduces waste disposal space and costs by up to 90%
- Fully recyclable (no need to remove the label) - promotes better recycling practice

For more information about Cleanline Chlorine Tablets in pouches - **please contact us today.**
