Paper spoon straws

Paper spoon straws enable customers to both sip and scoop their slushies, milkshakes, ices and smoothies with ease. Available in a variety of colours, they are a suitable alternative to plastic straws, which are restricted in line with UK Government legislation.

Other colours available

The clever spoon like opening at the end of each straw makes ice crystals in slushes and shakes easier to enjoy.

Spoon straws:

- Manufactured in Greece
- Made from paper
- Sip and spoon with just one utensil
- Clever spoon like opening makes ice crystals easier to enjoy
- Resists going soggy for up to 2 hours

Returnable Circular Cup frosted design

Designed to replace single-use cups, the Returnable Circular Cup is a circular cup system for hot and chilled drinks on-the-go, where the cup is returned to be commercially washed, and then reused to serve new customers again. The Returnable Circular Cup offers customers a convenient, on-hand reusable option, helping them engage with reusables without the necessity of directly owning a reusable cup.

kp Infinity™ EPP food boxes

EPP is a fully recyclable mono-material developed as an innovative alternative to Expanded Polystyrene (EPS), a material that was banned by Government legislation in 2023. Made in the UK, the kp Infinity range has proven to be easily and commercially recyclable through several trials.

EPP food boxes:

- Fully recyclable mono-material
- On-box 'Recycle Me' message
- Lightweight and energy efficient
- Low carbon footprint
- Uses less water to manufacture
- Resistant to acids, alkalis and hot oils
- Water resistant, food safe and hygienic
- Versatile, stackable and durable
- Keeps food hot, stays cool to touch
- Microwaveable

PRISTINE® foaming hand wash soluble sachet solution

A luxurious foaming hand wash sachet that you simply mix with water, PRISTINE foaming hand wash sachets reduce storage requirements by 95% compared to bulk-fill liquid soap. One packet of soluble sachets makes 10 litres of product making it ideal for any size storage cupboard. The manufacturing process adheres to the highest quality standard and all ingredients are vegan friendly.

NEW
2023

Simple and safe refill process

Dosing is pre-measured so it is always correct and costs are fully controlled. No handling of chemicals before water is added ensures minimal risk to the user.

Reduced onsite storage required

Reduces storage requirements by 95% compared to bulk-fill liquid soap. One packet of soluble sachets makes 10 litres of product making it ideal for any size storage cupboard.

Reduced carbon footprint

The product is prepared on the customer site when a sachet is added to water in a dispenser or bottle. There is no waste product or container to dispose of.

No animal testing

Dermatologically tested
not animal tested.

A simple, smart and sustainable alternative to bulk fill hand soap.

PRISTINE soluble sachets:

- Excellent foaming hand and body cleansing
- Refreshing Sakura Blossom fragrance
- Reduces storage requirements by 95%
- Reduces carbon emissions associated with transport by up to 95%
- Innovative vegan formulation
- Durable reusable bottle with foaming pump
- Compostable and recyclable packaging made from recycled Kraft paper

Cleanline Eco Laundry Leaves

Cleanline® Eco Laundry Leaves are a sustainable alternative to traditional laundry detergent. Each sheet equates to one dose. Delivering a fantastic clean, Laundry Leaves are up to 90% smaller and lighter than traditional formats, all housed in recyclable, biodegradable and compostable cardboard packaging.

How to use:

- Place sheet directly into the drum
- Load the drum with laundry (wash on 20°C to 90°C)
- Initiate your standard washing cycle

Ultra-Concentrated Laundry Detergent Sheets - Non-Bio.

Laundry Leaves:

- Free of plastic packaging
- Leaves no residue on your clothes
- Takes up next to no space in storage
- Up to 16 x lighter than powder, liquid and pods
- Works from 20°C and handwash capable
- Vegan and cruelty-free
- No dosing or pouring - no spilling

For more information about Cleanline Eco Laundry Leaves - **please contact us today.**
