BUNZL CATERING SUPPLIES

ABOUT US

**We lead in non-food sourcing and consolidation for hospitality.
Reducing complexity and risk is at the heart of what we do.**

**Working for a sustainable future
we are helping hospitality every day.**

Utilizing our global purchasing resources to buy responsibly and ethically, we source, consolidate, and deliver essential non-food consumables to our customers in the hospitality industry via a national network of 7 operating branches, including a National Distribution centre in Tamworth.

We offer a choice of flexible ordering and delivery options, with dedicated customer service and account management teams that foster personal relationships and deliver unparalleled sector expertise.

We've built our value proposition on 5 pillars:

1. Our people and culture
2. Sourcing and product expertise
3. Reliable and efficient service
4. Delivering a sustainable future
5. Data and insight

Our people and culture

Launched in 2023, our 'SHINE' programme defines our values and positively influences how we work together.

Each 'SHINE' value is supported by specific behaviours designed to create a customer-focussed culture with an emphasis on openness, honesty, and respect between colleagues. Outstanding performance is recognised via a SHINE rewards programme.

We are committed to playing our role in creating a fairer, more equitable society.

As we build towards a better and fairer future for all, two initiatives at Bunzl UK & Ireland – the 'Inspiring Ethnicity in Bunzl' (IEIB) group and the 'Inspiring Women in Bunzl' (IWIB) network are exploring issues that have the potential to drive meaningful transformation at Bunzl Catering Supplies.

We're proud to be Great Place To Work Certified™

We uphold and communicate strong values, and we put our customers first.

Across the business, our people are well trained and knowledgeable in all areas.

In an inclusive workplace, our people are empowered to 'SHINE' and reach their full potential.

People reward and recognition packages are linked to delivering excellent service to our customers.

We are proud to be proactive and supportive social enterprise partners.

Sourcing and product expertise

We provide proven category management expertise in non-food.

We bring innovation to market rapidly and help our customers to develop their brand.

Our globally leveraged supply chain and buying power enables competitive pricing.

We ensure that our suppliers are accredited, assured, and fully compliant.

A comprehensive range of food packaging and hygiene products includes exclusive brand options.

We deliver products and services with integrity and confidence. We buy responsibly and ethically from trusted partner suppliers.

We build long term relationships with international partner suppliers to ensure products are sourced responsibly and ethically. Our rigorous approach to sourcing is supported by an experienced procurement team in the UK and a dedicated quality assurance and control team in Shanghai. We audit supplier performance against commercial and social measures to ensure the products we source are fit for purpose, and legally compliant.

First to bring material and product innovation to market via our 'Innovate' updates, we pro-actively help customers achieve their sustainability goals and comply with complex Government legislation.

Our strong focus on exclusive brands and robust supply chain management has ensured continuity of supply in a challenging supply chain environment.

Our quarterly 'Purchasing Insight' newsletter helps customers keep up to speed with the challenges and opportunities affecting the sourcing and supply of non-food consumables.

Reliable and efficient service

ISO 9001 accredited Quality Management System ensures national consistency, and is monitored by our dedicated SHEQ Manager.

We stock over 7,500 products across our branch network. By utilising forecasting and replenishment systems, these products are managed for optimum availability for on-time-and-in-full deliveries in a 48-hour cycle; day one order for day three delivery.

Customer service teams, based in Tamworth and Cumbernauld, provide outstanding customer care from point of order to delivery. Sector expertise is provided by our account management teams, who also manage store openings, mobilisations, and roll-outs.

We operate our own dedicated vehicle fleet consisting of over 120 vehicles. Operating our own fleet allows us to tailor deliveries to meet customers' needs and train our drivers to comply fully with specific site requirements when making deliveries.

We offer a flexible approach to e-commerce solutions via third party providers and our own simple-to-use e-commerce website, featuring over 7,500 live products and state-of-the-art web functionality.

The highest possible levels of product availability are always maintained.

Our vehicle fleet ensures deliveries across the UK are reliable, flexible, on-time and in-full.

Our experienced account management teams have unparalleled sector expertise.

Bespoke reporting and KPI's can be based on specific customer requirements.

We offer a wide range of flexible ordering and delivery options.

Delivering a sustainable future

We hold an ISO 14001 accreditation, which provides for continuous improvement in environmental performance.

We are working together, with our people, our customers, and our suppliers, for a sustainable future in the hospitality sector. At the heart of our mission is a collective focus on key areas that are critical to us and our customers. These areas are carbon reduction, delivering social value and sourcing innovative products ethically and responsibly.

Our global goals rest on Science Based Targets and our efforts to reduce greenhouse gas emissions at a local level.

This includes our transport programme which continues to show year-on-year improvement through route efficiencies and a continued emphasis on leveraging data and sustainability tools.

Our London fleet of vehicles has switched to HVO (Hydrotreated Vegetable Oil) fuel, a second-generation fuel made from renewable, recycled material (vegetable oils and animal fats) that offers net greenhouse gas reductions of up to 90% in comparison to fossil diesel fuel.

Our annual 'Sustainable Future' report forms a key part of our communication strategy, celebrating our successes to date and sharing our plans in line with our Sustainable Development Goals (SDGs).

We provide insight and advice on legislative changes relating to sustainability.

A comprehensive range of sustainable products including 'Sustain' and 'Verive' exclusive brands.

Our dedicated sustainability team and 'toolkit' supports our customers' sustainability goals and ours.

We can provide closed loop solutions for customers wanting to introduce fully reusable products.

Carbon efficiency initiatives and tracking are used by us and available to our customers.

Data and insight

Detailed KPI's and reporting support all key processes and operations.

Gap analysis helps drive contract compliance and optimises value and spend.

Sustainability reporting includes carbon footprint reduction and LCA (Life Cycle Assessment).

We provide social value and ESG (Environmental, Social, and Governance) reporting.

The MI (Management Information) dashboard monitors contract performance.

Accurate, up-to-date data is vital in the effective management of any contract. Our experienced teams provide the insight customers need to manage non-food spend efficiently.

We help our customers manage and control their hospitality business by providing regular and accurate management information and bespoke business plans. Our comprehensive suite of tailored reports include information on product sales, key performance indicators, delivery performance, and budgetary management.

Our standard reporting also covers sustainability and social value and we can tailor reports to meet customer requirements.

BUNZL CATERING SUPPLIES **SECTOR EXPERTISE**

Contract caterers

Specialists in managing the requirements of multiple sites, and complex product ranges.

As a market-leading supplier in this sector, we have the products, expertise, and service solutions to meet the unique challenges and requirements of contract caterers. We source, consolidate, and deliver over 7,500 stocked product lines, managing complexity and reducing risk across multi-site contracts, with tailored solutions for various business types, from business and industry, to public sector.

Globally sourced one-stop solution for consolidated non-food products into the contract catering sector.

Wide range of reusable, recyclable, and compostable products with identified end-of-life solutions.

Bunzl exclusive brand product ranges offer contract caterers better value alternatives to existing brands.

Flexible e-commerce ordering solutions with approval workflows that ensure contract compliance.

A logistics infrastructure that expertly manages scheduled deliveries to multiple UK sites.

Opportunities for emissions reductions by measuring the carbon impact of deliveries at account and site level.

Sector expertise

Restaurants

Managing risk and complexity to allow restaurants to focus on their core business.

The restaurant sector is at the very heart of the UK hospitality industry, but it has faced a whole host of challenges in recent years, and labour shortages remain a significant concern. As the market-leaders in non-food sourcing and consolidation for hospitality, we manage the risk and complexity associated with non-food, allowing you to focus on excellent food and impeccable customer service.

Our experienced teams can manage complex roll-out and site opening programmes to ensure that your restaurants always have the products they need. Whether you are looking to drive innovation into your front of house presentation, require support to help you meet your sustainability goals, or require expert advice on product branding, we have the solutions available to meet your specific requirements.

Helping restaurants every day

All your non-food requirements consolidated into one scheduled delivery on the day of your choosing.

Glassware, tableware, and catering appliances via our sister company Bunzl Lockhart Catering Equipment.

Experienced operations team able to manage complex roll-out and site opening programmes.

Flexible e-commerce ordering solutions with processes that ensure contract compliance.

Sustainable product ranges with specified end of life solutions.

Internationally recognized brands as well as our great value Bunzl exclusive brands.

Sector expertise

Quick service restaurants (QSR) and coffee shops

Providing bespoke branded food packaging that helps customers drive their marketing strategy.

As market-leaders in non-food sourcing and consolidation for hospitality we offer an extensive range of innovative food packaging solutions to meet the specific requirements of quick service restaurants and coffee shops. We also supply cleaning, janitorial, and paper hygiene products that keep all sites spotlessly clean and operating at peak efficiency.

Recognising the importance of in-store branding in this sector, we also offer an extensive range of print solutions for branding cups and food packaging products as well as the ability to supply and manage branded uniforms for employees. Our dedicated sustainability team provides expert advice on the opportunities for introducing sustainable alternatives to existing product ranges.

QSR and coffee shop service solutions

Consolidation of supply chain across all non-food categories.

Bespoke print service for food packaging and uniforms.

Dedicated sustainability team to advise on the latest legislation and compliance requirements.

Flexible ordering options that include EDI and our own e-commerce website.

Sector expertise

Pubs and bars

Supplying an extensive product range and flexible logistics solutions into pubs and bars.

Pubs and bars are one of the longest established and most important sectors in the UK hospitality industry. From modern city-centre bars to more traditional country pubs, this is a sector with widely varying needs but our comprehensive product range is designed to meet all your non-food requirements, while you focus on looking after the evolving requirements of your customers.

Our flexible logistics solutions mean that we can consolidate everything into one scheduled delivery on a day of your choosing. In addition, the fact that we operate our own delivery fleet of over 120 vehicles also ensures that our trained drivers can deliver to your sites safely and efficiently whatever their location or specific site requirements.

All your non-food requirements consolidated into one scheduled delivery on the day of your choosing.

Own delivery vehicle fleet means drivers are fully trained to comply with specific site requirements when making deliveries.

'Glacial Eco' glassware products made from 100% recycled glass.

Flexible e-commerce ordering solutions with processes that ensure contract compliance.

Sector expertise

Hotels

Providing hotels with products and services that enhance their offer and improves room revenue.

As the hotel sector provides its customers with both food and accommodation, there are additional tasks and routines to be completed both back and front of house. Our market-leading ranges of tableware, paper hygiene, janitorial, and cleaning solutions, teamed with a dedicated guest amenities collection, support hotel employees in their daily routines and ensure that guests receive the best possible dining and in-room experience.

The breadth of our product range combined with our global sourcing expertise and flexible logistics solutions means that we can offer the hotel sector a genuinely consolidated one-stop shop solution to meet all of your requirements. We also recognise the importance of brand identity in the hotel sector and offer a bespoke print service for branding in-room toiletries, guest kits, and employee uniforms.

Expertise for the hotel sector

Extensive collection of guest amenity products designed to ensure a hospitable, premium in-room experience.

Effective janitorial and cleaning products help housekeepers keep rooms spotlessly clean.

Bespoke print service for branding in-room toiletries, guest kits, and employee uniforms.

Expert advice and practical solutions to help hotels achieve their sustainability goals.

Specialist products

- Guest amenities
- Toiletries
- Bedroom accessories
- In-room services
- Complimentary guest kits

Delivering a specialist solution to our customers in the travel industry via our WKT Travel brand.

Founded in 1930 as WK Thomas, WKT Travel is firmly established as the travel industry's leading supplier of on-board food packaging and hygiene supplies. As specialists, we understand the challenges of preparing and serving food in an on-board environment, whether aircraft, ship, or train, our products overcome multiple practical limitations.

We also recognise the importance of branding to the overall food offering and offer print and product customisation options on food packaging to travel sector specifications. Sustainability is of critical importance to the travel sector and our dedicated sustainability team can provide expert advice on a wide range of issues from sustainable product selection to carbon reduction.

Industry sectors

- Airlines and airline caterers
- Rail operators and rail industry caterers
- Cruise lines and cross-channel ferries
- Travel hub concessions

Specialist products

- On-board food service packaging
- Transportation and service equipment
- Passenger comfort and hygiene supplies
- Hygiene products for food prep areas
- Janitorial and cleaning ranges

Specialist solutions for travel

Unique product solutions tailored to the needs of on-board and in-flight dining.

Bespoke print and product customisation to travel sector specifications.

Advice on sustainable product options most suited to travel sector environments.

ESG and carbon reduction targets closely aligned to those of the travel sector.

Sector expertise

Leisure

Meeting the demands of busy leisure venues and seasonal events with leading product solutions.

From sports stadia to cinemas, theme parks to golf clubs, the variety of leisure and entertainment venues in the UK is vast. Many of the bigger venues will be managing a large number of daily visitors which necessitates a rigorous approach to routine hygiene tasks. We have the products and expertise to provide the solutions needed to keep busy leisure venues with a high footfall operating at peak efficiency.

Recognising the importance of on-site branding we offer a bespoke print service for a wide range of food packaging products, including seasonal and promotional items as well as employee uniforms. We also offer expert help and advice on a wide range of sustainability issues including the opportunity to introduce closed-loop reusable product solutions which are ideally suited for leisure venues.

Specialist solutions for leisure venues

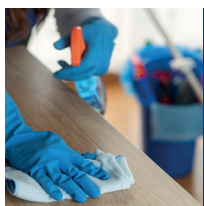

Globally sourced one-stop solution for consolidated non-food products into the leisure sector.

Bespoke print service for branding a wide range of food packaging and employee uniforms.

Branding and customisation for seasonal campaigns or special one-off promotional products.

Effective paper hygiene, janitorial and cleaning products, plus first aid kits.

Reusable products designed for a circular take-use-return programme at events.

Internationally recognized brands as well as our great value Bunzl exclusive brands.

Sector expertise

Public sector

Utilising our logistics expertise to meet the unique requirements of public sector contracts.

The public sector represents a significant part of the UK hospitality market and brings with it a number of unique challenges. Many public sector organisations operate to very specific processes and procedures while others require catering to be provided in locations with significant security considerations. Whether it relates to education, health, defence, justice, local government or the emergency services, we are able to tailor our processes and systems to comply with your organisation's requirements.

Globally sourced one-stop solution for consolidated non-food products into the public sector.

Extensive experience of operating within public sector framework agreements.

Bespoke e-commerce solutions designed to interface with public sector buying platforms.

Drivers trained to comply with specific site security requirements when making deliveries.

Dedicated sustainability team to advise on the latest legislation and compliance requirements.

Identifying opportunities for emissions reductions by measuring the carbon impact of deliveries at account and site level.

BUNZL CATERING SUPPLIES

OUR PRODUCTS

We are a one-stop-shop for food packaging and hygiene products with an extensive range of leading and exclusive brand product solutions. First to bring products to market via our 'Innovate' updates, we deliver a choice of environmentally responsible products with specified end-of-life solutions. Our product ranges are supported by a number of unique service solutions, including a bespoke print service and Gen-Label.

Bespoke print

Printed food packaging is a cost-effective marketing tool used by hospitality operators to promote their brand and help them be more visible in a competitive food service environment. Our dedicated print management team works closely with leading suppliers to design, create and manage bespoke printed items for our customers, with dedicated stock holding agreements to ensure continuity of supply.

Gen-Label

Our Gen-Label Online software solution helps businesses comply with food packaging labelling requirements via a secure web portal. Quick and simple to use, it manages all labelling requirements from product descriptions, ingredients and bar codes to allergen and nutritional information, including the Government's front of pack traffic light system.

www.gen-label.co.uk

Tableware

From tissue dispenser napkins, that can help you to manage waste and cost through a controlled system, to linen style table covers, that create a fine dining experience without the inconvenience of hiring linen, we are sure to have the right tableware solution for your business.

Food packaging

Experts in food packaging solutions, we deliver a fantastic range of food packaging and food packaging labels that help our customers beautifully present and serve food on-the-go. We are the first to deliver innovation that meets emerging market trends and sustainability goals.

Food safety

Food safety practices are critical in food preparation areas and will be an integral part of any food safety management plan. Our food safety and hygiene products provide what's required to meet current legislation and ensure best practice, keeping your employees and customers safe.

Paper hygiene

Our quality paper hygiene and hand care refill products, with performance-guaranteed dispensing systems, meet the demands of busy hospitality operations. They provide cost-in-use benefits and optimum hygiene performance for both back of house and front of house areas.

Janitorial

Equipping your business with products essential for routine janitorial tasks like dusting, sweeping, mopping and refuse removal, our janitorial range includes cloths, dusters, brooms, dustpan and brush sets, colour-coded socket and kentucky mop systems, bins, and refuse sacks.

Cleaning

A clean food preparation area, fresh-smelling washrooms, and a spotless front of house environment, all create the right first impression for your customers. We supply a range of professional cleaning products to help you achieve tip-top levels of cleanliness and hygiene.

BUNZL CATERING SUPPLIES

EXCLUSIVE BRANDS

Our responsibly sourced exclusive brand products provide customers with a credible and cost-effective alternative to leading brands. Utilizing global purchasing resources, our market-leading exclusive brand ranges include essential food packaging and hygiene products designed specifically for the UK hospitality sector.

Where products are sourced outside of the EU we insist that our exclusive brand manufacturers adhere to the high standards demanded by the Bunzl Ethical Sourcing Policy. Our Bunzl global sourcing office in Shanghai carries out regular audits via a dedicated vendor compliance team.

A credible and cost-effective alternative to leading brands.

Food packaging

Providing practical, single-use packaging solutions for food on-the-go and food wrapping, the Good2Go range includes sandwich and salad packaging, foil containers, cling film and aluminium foil.

Exclusive brand food packaging

ReGen - recyclable food packaging | Sustain - renewable food packaging

ReGen is a range of recyclable foodservice packaging in line with OPRL (on-pack recycling labels) UK's guidelines. ReGen products are suitable for direct contact with food. All recyclable products should be cleared of food waste and placed in a mixed or dedicated recyclables bin to ensure they are sent to a MRF (Material Recovery Facility) for recycling.

With a good recycling infrastructure already in place in the UK, ReGen recyclable food packaging is simple to dispose of correctly. When sent to a MRF (Material Recovery Facility) for recycling, ReGen food packaging diverts waste from landfill by giving the recyclable material a chance for a second life.

Clear signage on recycling bins can sign-post customers to more easily dispose of recyclable food packaging in the correct bin.

Made from renewable resources and/or compostable with EN13432 certification. Sustain products labelled compostable are fully compostable in commercial composting facilities and will break down into reusable compost within 12 weeks. All compostable products should be placed in a dedicated compostables bin to ensure they are sent for composting.

Sustain food packaging is sourced and manufactured in an ethical and responsible way. Made from renewable resources Sustain food packaging is made up of components or materials that are derived from natural sources that can be managed responsibly so that they will regenerate.

Responsibly sourced and utilizing renewable resources, Sustain food packaging reduces reliance on fossil fuel-derived materials.

ReGen recyclable food packaging.

Sustain renewable food packaging.

Exclusive brand food packaging

Verive - reusable food packaging

Verive 360°

In tandem to the Verive product range, we have launched our Verive 360° service solution, a market-leading service offer that helps catering operators implement and utilise reusables in a circular system, at events, in-house or on-the-go. By providing innovative product tracking and a full wash and return facility, Verive 360° ensures reusables retain a full lifespan to deliver long-term value and optimum sustainability benefits.

Specifically designed for a circular take-use-return programme, Verive products are suitable for repeat cleaning in a dishwasher. After multiple reuse and at the end of its full lifespan, Verive products identified as recyclable can be placed in a dedicated recyclables bin to be sent to a material recovery facility for recycling.

The latest in reusables technology and exclusive brand product innovation, Verive is fit for multiple re-use in a catering and hospitality environment without loss of function or hygiene. It is designed for durability, long-term value and customer convenience and produced with the whole life-cycle properly considered, from point of manufacture to end of life.

Responsibly sourced and designed for repeat cleaning, Verive food packaging delivers long-term sustainability benefits.

Verive reusable food packaging has the potential to prevent waste and reduce carbon footprint.

Exclusive brand hygiene solutions

PRISTINE paper hygiene, hand care, and air care

- Recycled paper toilet tissue and hand towels
- Paper and soap dispensers made from recycled material
- Packaging that encourages responsible disposal
- Vegan hand soap formulations
- Plastic-free packaging solutions
- Carbon-neutral certified air fresheners

PRISTINE® delivers cost savings whilst reducing impact on the environment.

A professional range of paper hygiene, hand care, and air care products, PRISTINE delivers a premium customer experience. The range includes toilet rolls, paper towels, centrefeed, and hygiene rolls, as well as manual and touch-free soap and air care dispensing systems, that deliver safe, cost-effective personal hygiene and air care solutions back and front of house.

PRISTINE helps organisations make their washrooms more efficient and hygienic whilst reducing impact on the environment. Premium away-from-home washroom solutions, utilise product innovation alongside sustainable and ethical product production, to assist sustainability goals as well as ensuring the best possible experience for the end user.

CHSA accreditation

All PRISTINE paper hygiene products carry the Cleaning & Hygiene Suppliers Association (CHSA) manufacturing standard accreditation, meaning our customers can buy in confidence, knowing that PRISTINE products are exactly as they are advertised.

Exclusive brand hygiene solutions

Cleanline | CleanWorks

Cleanline is manufactured in the UK to provide efficacy and economy-in-use for cleaning in the hospitality sector. An effective solution for all cleaning tasks in commercial kitchen, washroom and housekeeping environments, Cleanline includes products that are proven effective against a range of micro-organisms, including bacteria and viruses.

Cleanline Eco

The award-winning Cleanline Eco range, delivers an effective, sustainable cleaning solution under the Eco Star standard with the primary objective to promote responsible consumption and production, aim to protect life on land and water, and be effective for professional use.

Cleanline Pure

Cleanline Pure is a range of cleaning products made up of probiotic, enzymatic and lactic acid-based biotechnology, all of which encompass the power of nature to successfully tackle a wide range of cleaning and disinfecting tasks, whilst minimising impact on the environment.

CleanWorks

Exclusive brand CleanWorks is a comprehensive range of professional colour coded cleaning equipment, wiping systems and waste management systems, providing practical and hygienic solutions to a wide range of routine janitorial and housekeeping tasks.

E-COMMERCE SOLUTIONS

Bunzl Catering Supplies offers a wide range of e-commerce ordering platforms tailored to your exact requirements. Whether you want to order directly from your own purchasing system via EDI, place orders online via our SAP Commerce Cloud web store, or combine the benefits of both with a punch-out solution, our dedicated e-commerce team have the knowledge and expertise to deliver an optimised solution.

EDI

We have extensive experience and expertise with integration into customer purchasing systems. Whether you are using a 3rd party platform or one you have developed in-house, we can put in place an EDI integration to automate the flow of product catalogues, orders, and invoices.

Benefits of EDI include:

- **Cost savings**
- **Speed and accuracy**
- **Increased business efficiency**
- **Better payment terms**
- **Improved cash flow**
- **Real time visibility of transaction status**

Punch-out

A punch-out website is an online B2B e-commerce site that a buyer can access from their own procurement system. Punch-out websites require an integration between the buyer's e-procurement system and the supplier's website. We have the expertise to help customers implement this

Benefits of punch-out include:

- **Improved ordering experience**
- **Real time information**
- **Order accuracy**
- **Compliance**
- **Control**

SAP Commerce Cloud web store

Our online ordering platform offers market-leading functionality and features, including cost control, approval workflows and a 'My Sites' admin dashboard.

Standard functionality:

- **Contract specific pricing** - personal user logins linked to customer price lists
- **Invoices and credit notes** - view and/or download directly from the 'Account Dashboard'
- **Super user access** - user logins with different access levels to suit customer requirements
- **Pre-registration service** - email comms sent to users as part of onboarding projects
- **Branded homepages and content** - if required by the customer
- **Responsive design** - compatible with all desktop, tablet and mobile devices and will automatically resize content for the optimum user experience

Advanced functionality:

- **Budgets and spend limits** - users have full visibility of budgets and spend in real time
- **Multi-tier approval levels** - up to five stage approval workflow
- **Order review and amendment workflows** - approvers can modify orders as required
- **Restricted product ranges at site level** - allowing even greater control and compliance
- **'My Sites'** - self-administration dashboard puts the customer in control of product access, budgets, users, and much more
