Ball Aluminium Cup®

A durable, lightweight cold drink cup that is made from 90% recycled aluminium. These cups are designed to be individually used for the duration of an event (rinsed and refilled) and then responsibly disposed of when the event is finished. Made of infinitely recyclable aluminium, the Ball Aluminium Cup® is available in multiple sizes and can be bespoke printed.

Features & benefits:

- Made from 90% recycled aluminium
- Recyclable
- Durable and lightweight
- Stackable to save storage space
- Available in multiple sizes
- Can be bespoke printed
