re:mind

REVIVE : RELAX : RENEW

RE:MIND offers a luxury hand and body care range; raising the bar through a first of its kind collaboration with Amplify Goods, a certified diverse social enterprise. *Amplify Goods will donate at least 50% of their profit from RE:MIND to supporting grass-roots charitable projects.* The range launches with a cleansing and uplifting Hand and Body Wash, available in 5L refills, and a nourishing Hand and Body Lotion with soothing shea butter in 1L refill pouches. Both are paired with a choice of 500ml dishwasher safe glass bottles or great value recycled PET bottles, produced and hand-packed in the UK using upcycled cardboard waste from local businesses.
