Recyclable food service packaging

ReGen is a range of recyclable foodservice packaging in line with OPRL (on-pack recycling labels) guidelines. ReGen products are suitable for direct contact with food. All recyclable products should be cleared of food waste and placed in a dedicated recyclables bin to ensure they are sent to a MRF (Material Recovery Facility) for recycling.

Responsible choice

Sourced ethically to our stringent specifications, ReGen food packaging is suitable for recycling solutions in the UK.

Consumer appeal

ReGen food packaging appeals to consumers because it lets them know that you buy responsibly, ethically and sustainably, with a viable end of life solution in mind.

Legislative compliance

Adhering to existing and incoming legislation, ReGen food packaging provides alternatives to products affected by bans or restrictions.
