Providing value and efficiency through exclusive brands

Our responsibly sourced exclusive brand products provide customers with a credible and cost-effective alternative to leading brands. Utilizing global purchasing resources, our market-leading exclusive brand ranges include essential food packaging and hygiene products designed specifically for UK hospitality and public sector environments.

The Metro Cup range boasts single wall cups and popular rippled cups with great insulating properties. Available in 4oz to 16oz formats, Metro Cup single wall cups have an on-cup QR code that directs consumers to their nearest drop-off point for paper cup recycling, via the National Cup Recycling Scheme website.

Our exclusive brand TableSMART napkin range is now predominantly made from 100% recycled material. TableSMART continues to support catering professionals in the public sector with solutions that balance performance, presentation and sustainability.

ReGen is a range of recyclable foodservice packaging in line with OPRL (on-pack recycling labels) guidelines. All recyclable products should be cleared of food waste and placed in a dedicated recyclables bin to ensure they are sent to a MRF (Material Recovery Facility) for recycling.

Made from renewable resources and/or compostable with EN13432 certification. Sustain products labelled compostable are fully compostable in commercial composting facilities. All compostable products should be placed in a dedicated compostables bin to ensure they are sent for composting.

The CleanWorks janitorial range includes mopping systems and cleaning cloths, specifically designed to tackle janitorial tasks confidently in a hospitality environment. CleanWorks cloths are clearly colour coded to prevent cross-contamination and are compatible with a wide range of cleaning agents.

Products in the Cleanline range are proven effective against a range of micro-organisms, including bacteria and viruses. Available in ready-to-use and concentrated formats, Cleanline provides efficacy and economy in use for a range of cleaning tasks, delivering optimum cleaning performance and reducing the risk of waste.

Why choose Bunzl Catering Supplies?

Market-leading food packaging and hygiene solutions

Bunzl Catering Supplies is the UK's specialist provider of non-food products for hospitality, public sector, healthcare environments and the NHS - combining national scale, category expertise and competitive buying power to help customers reduce complexity, control risk and keep their operations moving.

Built for scale. Trusted for service.

7,500+

Actively stocked food packaging, disposables, cleaning and hygiene lines.

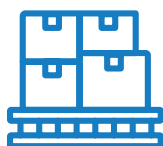

48-hour cycle

Forecasting and replenishment systems support optimum availability for day one order to day three delivery.

120+ vehicles

Own liveried fleet delivering reliable, flexible and customer-specific service across the UK.

FTSE 100

Part of Bunzl plc, a successful specialist international distribution and services Group headquartered in London.

7 branches - including NDC

A national network supported by a dedicated National Distribution Centre in Tamworth.

Bunzl plc - £11.845bn

2025 revenue, demonstrating the scale and financial strength behind Bunzl's specialist businesses.

Why choose Bunzl Catering Supplies?

Helping busy operations run safely, efficiently and consistently

From high-volume hospitality operators and national restaurant groups to public sector customers, healthcare facilities and NHS environments, Bunzl Catering Supplies delivers the essential non-food products that help busy operations run safely, efficiently and consistently.

Leaders in non-food sourcing and consolidation

Bunzl Catering Supplies helps customers take control of essential non-food categories by bringing together sourcing, consolidation, compliance, logistics and service into one dependable supply partner. The result is a simpler, smarter and more cost-effective route to the packaging and hygiene products customers need every day.

Competitive advantage at a national scale

Scale is one of Bunzl Catering Supplies' biggest strengths. By combining globally leveraged purchasing resources with specialist UK sector knowledge, the business gives customers access to a broad, compliant and competitive product range backed by resilient supply chains.

Built for hospitality, public sector and healthcare environments

Bunzl Catering Supplies understands that essential non-food supply is mission critical. In hospitality, the right packaging and hygiene solutions support brand experience, operational efficiency and customer confidence. In healthcare and NHS environments, consistency, compliance and reliable delivery are vital to keeping services running smoothly.

A powerful partner for essential non-food supply

Backed by the strength of Bunzl plc and focused through a specialist UK team, Bunzl Catering Supplies offers customers across hospitality, healthcare, the NHS and the public sector the confidence of working with a proven partner built to deliver essential non-food supply at scale.

About Bunzl Catering Supplies

About Bunzl Catering Supplies

We are an approved NHS Supply Chain framework supplier.

Utilising our global purchasing resources to buy responsibly and ethically, we source, consolidate and deliver essential non-food consumables to our public sector customers via a national network of 7 operating branches, including our National Distribution centre in Tamworth.

Delivering to the NHS

We have extensive experience of operating within the NHS Supply Chain framework agreement and can tailor our processes to meet the specific requirements of your site's systems and procedures.

For ease of ordering, this brochure contains the NHS SC codes required for placing your order via the NHS Supply Chain online catalogue.

Working for a sustainable future

Our dedicated sustainability team advises on the latest legislation and compliance requirements and identifies opportunities for emissions reductions by measuring the carbon impact of deliveries at account and site level.

We are working together, with our people, our customers, and our suppliers, for a sustainable future in the public sector.

Products you can trust, value you can count on

At Bunzl Catering Supplies, we're proud to be an approved NHS Supply Chain framework supplier, bringing unique experience and expertise in delivering food packaging and hygiene supplies into healthcare environments, including the NHS.

We know these settings demand products that do more than simply meet a brief. They need to be robust, practical, safe and reliable, while supporting the latest legislative requirements and sustainability goals. That's where we come in. Using our global purchasing strength and national distribution network, we help customers access innovative, sustainability-led product solutions that are fit for purpose and easy to order.

Every product is rigorously audited through our Bunzl Assured Commitment, giving you confidence that what you're buying has been carefully checked for quality, compliance and responsible sourcing. And on top of all that, we're competitive too - offering great value with every purchase, without compromising on quality, safety or service.

Sustainability and compliance

- Fully re-pulpable, and recyclable - independently tested to meet CEPI paper recycling standards for environmental responsibility.
- Reduces plastic usage by 45% using a low 4.5m PET inner lining (compared to fibre composite material).
- Classified as paper - cutting EPR fees by approx. 42% (compared to fibre composite material).
- Window film is made from RPET material enhancing recyclability and supporting circular economy principles.

Design and functionality

- Available in small, medium and large - aligned with market demands to help businesses serve appropriate portion sizes to customers.
- Leaf style window provides a sleek, premium look while maintaining clear product visibility.
- Leakproof PET lining and optimized microflute material provide durability and maintain food temperature.
- Dual ovenable, freezable - tested in hot hold for 2 hours with excellent temperature retention.

Back-of-house allergen labels

New laws require restaurants to clearly identify any food product(s) with ingredients that contain protein derived from any of the 14 major allergenic foods and food groups: eggs, molluscs, crustaceans, celery, milk, fish, tree-nuts, sulphites, soya, sesame, peanuts, mustard, lupin, and gluten.

Allergen shelf life label

Individually wrapped for hygiene, this allergen label allows potential allergens to be easily displayed, ensuring customer safety and protecting operators from the risk of prosecution.

Product labelling

Label guns with labels simplify proper product rotation and assist in ensuring food safety in hospitality environments. DM3 labels are designed to fit the DM3 label gun. When loaded into the 1-line marker, DM3 labels can be printed with one line of information and quickly adhered to a product or package.

Socket mops with buckets and wringers are the most effective option for mopping smaller floor areas. The range includes traditional pure yarn mop heads, and the increasingly popular Hygiemix mops, which reduce linting and can be machine washed if required.

Traditional Socket Mops

A traditional yarn mop suitable for general purpose mopping. The absorbent PY yarn is suitable for smoother floor surfaces like laminate or lino flooring.

PY yarn RS1 socket mop No. 12J 180g

	Colour	Yarn weight	Cased	Head	52"Handle	NHS SC Code
	Blue	180g	1	P04699	P03320	MKB85309

	Yellow	180g	1	P00268	P03321	MKD85599

Washable Socket Mops

Hardwearing mops made from a unique blend of bleached cotton and synthetic yarns. The stay-flat band holds the shape enabling the mop to cover a larger floor area, whilst the looped end yarn prevents linting and the yarn tangling in use. Made from a unique blend of polyester and cotton yarns for improved strength and absorbency. Washable up to 60 degrees.

	Yellow	450g	1	P10614	P08320	

Pure yarn with scratch-back centre band mops

PY yarn kentucky mop with an abrasive scratchback centre band for removing dirt whilst mopping. The stay-flat band keeps the yarn flat on the floor, enabling the mop to cover a larger floor area, whilst the looped end yarn reduces linting and avoids the yarn tangling in use. Available with four coloured scratchbacks.

PY scratchback stayflat kentucky mop 450g

CleanWorks® ProClean flat mop system

CleanWorks® ProClean flat mop system

Flat mopping microfibre system combining spray handle and microfibre pads for effective, rapid response floor cleaning without the need for buckets or constant wringing out. CleanWorks® ProClean features a removable bottle and spray trigger, which delivers a fine mist of solution directly to the cleaning surface, helping you to clean and dry floors quickly.

- Ideal for quick response damp mopping
- Microfibre mops attract and hold dirt for effective cleaning without the need for chemicals
- Lightweight and no need for bucket, so great for spot cleaning
- Nano silver treated fibres for long-lasting antibacterial effectiveness
- Can be used wet for tougher cleaning or dry for drying or dusting
- Removable water bottle means no buckets are required making cleaning easier and saving time

Pristine Air Fresh solid air freshener

Air Fresh solid air freshener and dispenser

The Air Fresh solid air freshener is a wall-mounted or free standing holder for solid air freshening refills in three fragrances: citrus mango, linen breeze and bergamot & sandalwood. Positioned correctly the holder allows for enhanced natural airflow helping deliver fragrance without the need for aerosol.

- Requires no batteries or propellants
- Can be wall-mounted or free standing
- Refills have organic gel core, extracted from natural seaweed (Carrageenan)
- Refills contain no liquids so will not spill or leak, even if knocked over
- One Air Fresh refill provides up to 60 days of fragrance
